Dear Flyfisher,

On Tuesday, 2 June 1981, we opened our doors as South Africa's first specialist fly-fishing tackle outlet.

Our aim is to make a wide range of tackle available to you, and to back this up with good service and expertise. We've picked the brains of anglers like Tony Biggs, Hugh Huntley, Tom Sutcliffe, John Beams, Mort Hunter and many others, in an effort to secure the right tackle for our conditions.

Although we carry large stocks of the top quality products made by ORVIS, SUE BURGESS, HARDY'S, FENWICK, and many more, we realise that these are sometimes pricey items. So we have gone in for many of the more common and less expensive articles as well, to suit everyone's pocket. Also expected soon are a range of Fenwick rods, Berkley reels and Scientific Anglers' lines.

Our headquarters are in Pietermaritzburg where we have a character shop in the old and very Victorian Harwin's Arcade. We'd love you to visit us here but if you can't manage this, please write to us for our catalogue. We also have plenty of ORVIS catalogues in stock, and these are available to you on request. We are sure you'll find both these catalogues brimful of ideas and new products.

If you live in the Western Cape, Mort Hunter will help you with any inquiry you have, as he will be functioning as our agent for this region.

Just a word on tackle. We are pleased to be able to offer you a few patterns of local flies such as the famous R.A.B. dry, the Holsloot Spinner, Tony Biggs' Smalblaar nymph, the D.D.D. dry fly, John Beams' Black Woolly Worm, and Hugh Huntley's damsel fly nymph. I'm sure you will agree that it's high time these flies were available commercially. Also of particular interest are the latex waders, the versatile Flymaster float-tube, the latest in flytying equipment and materials, and much more. I could go on for ages but space won't allow. Rather drop me a line and have a peep at the catalogue.

I look forward to hearing from you. If you spot anything you feel is missing from our catalogue, let us know, and we will do our best to get it. We would also welcome any suggestions you may have.

Tight lines!

ROGER BAERT
